

# Kenai Riverside Fishing 2022

## The Kenai is Home to Great Fishing

Discover for yourself why the Kenai River enjoys a worldwide reputation for its June and July runs of salmon. An annual run of over 500,000 sockeye migrate through the river. In addition, August and September hold some of the most hard-fighting silver salmon, wild rainbow trout and exciting Dolly Varden fishing found anywhere.

The Kenai River stretches 82 miles, from Kenai Lake to Cook Inlet and includes upper, middle and lower river sections. The upper Kenai includes 16 miles of Alaska's most productive sockeye salmon, rainbow trout and Dolly Varden fishing waters.

A few miles downstream, a section known as the lower Kenai flows over 50 miles from Skilak Lake to Cook Inlet and produces some of Alaska's finest silver salmon and king fishing.

Your safety and enjoyment of wild Alaska are our top priorities. Please visit our Covid Conscious Travel page at [www.kenairiversidefishing.com](http://www.kenairiversidefishing.com) for the latest information and updates on our health and safety standards and practices.

# Fish

**It doesn't take 40+ years to know where the fish are, but it sure helps.**

Since 1977, Alaska Wildland Adventures (AWA) has guided guests down the Kenai River on fishing trips they'll remember for a lifetime. Our experience on both the upper and lower portions of the river has earned us the reputation as the fishing leader on the Kenai. All summer long, we go after salmon (sockeye, silver and king), rainbow trout and Dolly Varden, focusing on the species that are in season. Ask us about optional upgrades in Resurrection Bay for salmon and Halibut!

Our guides are friendly, know the river like the back of their hands and take care to outfit you with the best quality gear and equipment. They'll teach you their special angling techniques—tips and tricks honed over the years. Whether you are an accomplished angler, recreational fisherman or just starting out, we'll help put you on the fish and get 'em in the boat.

## Fly fishing at its best...

As our guides and returning guests know, there is no greater thrill than to catch a huge rainbow trout, Dolly or silver on the fly while they voraciously feed in late August and September. The Alaska Department of Fish and Game designated the non-motorized upper Kenai River as a trophy rainbow zone and our guides lead the way in finding these prize fish. Try your hand at fly fishing all season long, and if time allows, be sure to plan a few late season days to go after the big ones.

# Stay

**Cozy private cabins, hearty meals, warm hospitality...it is a vacation after all!**

Our beautiful Kenai Riverside Lodge is the perfect place to enjoy a fine meal and trade stories at the day's end. Enjoy hearty home cooking with a gourmet flair in our main lodge, then relax with a tasty Alaska micro-brew or a glass of wine in our lounge. When you fish with AWA, all meals, snacks and lunch on the boat are included in your stay.

After dinner, take advantage of the lodge grounds: warm up in the wood-fired sauna, stroll along a nature trail or relax on our expansive new deck overlooking the river. Your private cabin will welcome you home, nestled in a wooded setting just a short distance from the river's edge.

## Expand your vacation to one of our other wilderness lodges!

Raft your way down the Kenai to our remote, boat-in only lodge on Skilak Lake! **Kenai Backcountry Lodge** is a historic lodge with 9 cabins nestled in the woods surrounding Skilak Lake. Hike the Cottonwood Trail, enjoy the lakeside setting; disconnect from life's 'to do' list and reconnect with family and friends. **Kenai Fjords Glacier Lodge** is our boat-in only lodge set deep in Kenai Fjords National Park. Experience a marine wildlife cruise and take in the beauty of seacoast Alaska. Kayak, canoe and explore this remote wilderness wonderland. Ask your AWA sales representative how you can seamlessly include a stay at one or both of these lodges with your Kenai Riverside Fishing itinerary.

# Explore

**Stay and play at Kenai Riverside Lodge – fun for the whole family!**

Bring your non-fishing friends and family along on your trip, and we'll show them a great time with scenic rafting trips and guided hikes in the Chugach National Forest. Come together in the afternoon, share stories of your day's adventures and enjoy meals and lodge amenities together. Our 2-hour float trips follow the upper Kenai River and offer great wildlife viewing opportunities and wilderness views. Or, spend the day on the water! Our Canyon Raft Trip is a 7-hour float, with a small stretch of Class II+ bumps for a few splashes of excitement along the way. Your guide will prepare a shoreside picnic lunch and provide naturalist interpretation along the way. Watch for bears, moose, eagles and more.

## Our Boats

**Drift Boats**—Many anglers consider drift boats to be the ultimate river craft. We feature 18-foot models custom-designed for the Kenai River that fish up to four anglers. These boats are the best for accessing the “drift-only” waters of the upper Kenai.

**Power Boats**—We utilize a variety of craft for ocean trips, depending on the species we’re targeting, and we use 21-foot Willie Predator boats on the lower Kenai.
